

## Eleven simple steps to follow Co-op Connections on Twitter

1. Visit [www.connections.coop](http://www.connections.coop) and click the "Follow us on Twitter" icon in the lower left corner of the home page.
2. You'll be taken to the Co-op Connections page on Twitter. Click on "Join Today!"
3. Choose a username, etc. and sign up.
4. Click on "Skip" at the bottom of the next page; don't worry about signing up your friends yet.
5. Click on "Finish" at the bottom of the next page.
6. Click on "Settings" at the top of the next page.
7. Update your name (first name only is fine), Time Zone, and Location and click Save. You can fill out the rest later. Do not choose "Protect my updates" for now. You can always change your mind later, but to really understand the full power of Twitter, you should go for the first two weeks doing what most people on Twitter do, which is to keep everything public.
8. Click on the Devices tab, enter your phone number, check the box under your phone number, and hit "Save."
9. You will be given a 6-letter code.
10. On your cell phone, create a new address book entry called "Twitter," and use 40404 as the phone number (for people in the United States).
11. Send a text message to Twitter on your cell phone with the 6-letter code that you saw on the website. You should get a confirmation text message back from Twitter.

Your account is set up! Now you can follow Co-op Connections.
