

Welcome!

Thank you for your interest in becoming a member of Great Lakes Energy Cooperative (GLE).

At GLE you're more than a customer - you're a member. We're different than other electric utilities. We're a cooperative and that means we're owned by our members. It also means GLE's rates and fees are cost-based and our margins (profits) are returned to members as a capital credit refund on your bill.

Enclosed is information you requested to start your new service with GLE. Please read over the documents carefully and contact us with any questions or concerns at 888-GT-LAKES (888-485-2537) or glenergy@glenergy.com.

We look forward to serving you. For more information about the products and services we offer please visit gtlakes.com.

We're looking out for you,

Great Lakes Energy Cooperative

GLE New Service Checklist

Please use this checklist to guide you through the new service process. We are happy to help answer questions along the way.

1. Submit Required Forms

Complete and return the forms listed here within 90 days to avoid cancellation of your order.

- Application for New Service/Change in Service
- Electric Service Information
- Load Schedule Sheet
- Electric Service Site Plan
- Member Responsibilities
- Products and Services Request
- Easement – Notarized and Recorded
- Copy of recorded property deed with complete legal description
- Copy of property survey (if possible)

2. Mark Site Plan Form & Property

- Using the Electric Service Site Plan form, mark the corners of existing and proposed facilities listed on the form.
- Clearly mark or expose the facilities at the job site itself using stakes.
- Notify your Member Service Coordinator when staking is complete.
- This must be done before a Great Lakes Energy site planner visits your site.**

3. GLE Site Visit

- A GLE site planner visits your site and marks the route of the new power line.
- The site planner will determine if there is additional need for easements or special permits. Special permits such as road crossing or state permits will be obtained by Great Lakes Energy.
- After site visit, the cost to extend electric service to your site is determined. The cost may include right-of-way tree clearing work, as determined by the site planner. You will receive an invoice, please pay promptly to avoid delays

4. Meter Base Installation

- Meter bases are provided by GLE at no cost. Pick up a meter base and install it on the dwelling or a service pole. See enclosed directory of pick-up locations or pick up at a GLE office.
- Arrange for the appropriate governing electrical inspector to approve meter base installation. A directory of electrical inspectors is enclosed.
- Electrical inspector will notify GLE when inspection is approved.

How long will it take?

Time varies depending on length of time to complete the steps above. Delays may occur due to weather, tree-clearing and other circumstances. Once all steps are completed, most installations occur within 15-20 business days.

Please contact me at 888-485-2537 if you have any questions or concerns.

Thank you,

Your Member Service Coordinator, Extension _____

Application for New Service/Change in Service

For office use only

Acct #:

Please complete and return. If you have any questions, contact your Member Service Coordinator between 7:30am and 4:00pm Monday through Friday, excluding holidays.

Applicant legal name (Last, First, M.I.)	Social Security number - -	Driver's License Number	State
Joint Applicant legal name (Last, First, M.I.)	Social Security number - -	Driver's License Number	State
Applicant Date of Birth	Joint Applicant Date of Birth	Primary Phone

Member Responsibilities

For office use only

Acct #:

The undersigned hereby applies for membership with Great Lakes Energy Cooperative.

I understand and agree:

- A. I am responsible for marking all property lines and locations of underground facilities on the property (see enclosed site plan). **Great Lakes Energy is not liable for damages to your facilities that are not marked or are marked incorrectly.**
- B. For underground service, I am responsible for ensuring there is a 15-foot wide path along the cable route free of dirt piles, debris, construction material, etc. The rough grade must be within 6 inches of the finished grade along the cable route. I am responsible for final site restoration.
- C. I understand I must obtain electric inspection approval before my electric service can be connected.
- D. In addition to the fees listed, a line extension charge may be required as a Contribution in Aid of Construction as stated in the Cooperative rules and regulations governing the sales of electric service, approved by the GLE Board of Directors and on file with the Michigan Public Service Commission. The amount of applicable line extension charges will be determined after a field inspection and billed by a separate invoice. All fees must be paid before line construction work can begin.
- E. A non-refundable Contribution in Aid of Construction (winter charges) in the amount of \$4.50 per foot shall be required in addition to all other underground charges when construction work is performed between December 1 and March 31.
- F. All fees and charges must be paid and permits obtained within 90 days of this application. After 90 days, fees are subject to change and/or the order may be canceled.
- G. The undersigned understands that he/she shall have all the rights and privileges granted to members under the Articles of Incorporation and By-Laws of the Cooperative or any amendments thereto and agrees to comply with and be bound by such Articles of Incorporation and By-Laws and all tariffs, rules and regulations as may from time to time be adopted by the Board of Directors of the Cooperative.

Product and Service Request Form

Your Name	Phone Number - -	Account Number
Email Address	Cell Phone Number - -	

Please check all that apply to receive more information.

The People Fund

- Yes! I want to enroll my account(s) in the People Fund to help charitable organizations in my community by having my bill rounded to the nearest dollar each month.

Energy Optimization – energy efficiency programs and rebates to save money. Cash incentives for high efficiency heating and cooling equipment, water heaters, appliances, lighting, TVs and more. Programs subject to change. Incentives range from \$5 to \$500 for residential and even more for businesses. Find more information, visit michigan-energy.org.

Efficient Electric Heat - Install a qualifying high efficiency electric air-source or ground-source (geothermal) heat pump and receive a \$250-\$500 rebate and an electric rate discount of 3 cents per kWh. Additional Energy Optimization rebates, up to \$500, for qualified systems.

AutoPay - Save checks, stamps and time when your bill is automatically deducted from your checking or savings account.

Co-op Owners for Political Action – Learn more about this voluntary grassroots network to support political campaigns of candidates who support electric co-ops. No rate dollars are used

Generators – Receive information on generator installation and safety

Truestream – Receive information on high-speed, fiber-to-the-home Internet and phone service

Other: _____

**Thank you! We will contact you with more information.
More information on these programs is available at gtlakes.com**

Once your new service is complete, visit us at gtlakes.com to access your account online and enroll in paperless e-billing!

Meter Base Pick-Up Locations

Standard meter bases, including 200 amp capacity, may be obtained at any Great Lakes Energy service center or one of the following locations. Three-phase or special meter bases may be obtained only from our service centers at prearranged times.

Updated 9-2018

Requirements for Completing an Easement

Welcome to the easement phase of your new service application.

What's an easement? An easement is a legal document that grants Great Lakes Energy the right to construct overhead or underground facilities on your property with the right and authority to enter upon your property to maintain our facilities. These rights are fully explained in the easement.

How do I file the easement?

1. File the easement with the Register of Deeds office in the county where the property is located.
2. Send the **ORIGINAL** recorded easement to Great Lakes Energy.

An example of a completed easement is included for your review. Please read the requirements and follow them carefully. If the easement is not completed properly, you will not be able to record it. This could delay the construction of your new electric service. **PLEASE USE BLACK INK.**

1. **Provide the complete legal description OF YOUR PROPERTY, if not already typed on document.** This can be obtained from your property deed or county tax bill.
 - The tax ID number is not a valid legal property description.
 - If the property description is too long to fit in the space provided, please attach a copy of the complete description.
2. **The easement must be notarized.**
 - The name must be typed or printed under each signature.
 - If additional notarization is needed, it will have to be a separate attachment.
 - Great Lakes Energy provides notary service free of charge by appointment.
3. **All parties having a legal interest in the property must sign.**
 - If married, spouse must **ALSO** sign.
 - Female grantors must sign their first name (ex: JANE E. DOE, not "MRS. JOHN DOE").
 - Signatures must match on both front and back of document, if front does not show initial than back must not be signed with initial.
 - Male grantors must state whether they are married or single.
 - Signatures must match names on property deed.
 - If signing for a corporation, company, trust, etc., must also state the title or position held, i.e. President, Secretary, Trustee, etc.
 - If purchasing a property on a land contract, both seller and purchaser must sign.
4. **Type or print names below ALL signatures.**
 - Grantors
 - Notary

Easements ensure Great Lakes Energy can provide you with reliable and safe electric service.

Thank you for your cooperation in following these instructions.

Please contact our office at 888-GT-LAKES, ext. 1910 with questions.

EXAMPLE - HOW TO COMPLETE AN EASEMENT

EASEMENT

File No. GLE Service Order #

John H Doe and Jane S Doe (husband and wife)

("Grantor")

Whose address is: 4000 Main St Somewhere Mi 49000 for a good and valuable consideration less than \$100.00, pursuant to state exemption MCL 207.526 Sec. 6 (a) & county exemption MCL 207.505 Sec. 5 (a) the receipt of which is hereby acknowledged, do hereby grant, convey and warrant to Great Lakes Energy Cooperative, ("Grantee") a Michigan Non-Profit Corporation, whose address is 1323 Boyne Avenue, Boyne City, Michigan, 49712/One Cooperative Center Drive, Newaygo, Michigan 49337, Its Licensees, lessees, successors and assigns forever, an easement and right to construct overhead and/or underground electrical distribution and/or communication facilities for the purpose of providing electric and/or communication service to the hereinafter described property and any present or future extensions thereon and therefrom, of like kind and nature, to contiguous property. Such facilities shall include all necessary poles, fixtures, guys, anchors, wire, cables, trenches, conduits, risers, pedestals, pads, mounts, enclosures and other appurtenances under, upon, over and across the property owned by the undersigned grantor(s) and described as being situated in the township of

Bay, County of Charlevoix, and of Michigan, and all or a part of

Section 15; The NW 1/4 of the NE 1/4 of the SW 1/4

T.32 N R.04, with full right and authority to the agents or employees of the said Grantee to enter at all times upon the said premises for the purpose of inspecting, repairing, maintaining, enlarging, burying, relocating, extending and replacing thereon, and in, under or upon all such streets, roads or highways abutting said lands and said facilities. Also conveying the right and authority to enter upon said property to trim and cut down, or control by herbicides, any and all trees or brush which trees or brush in the opinion of the Grantee interfere or threaten to interfere with the construction or safe operation and maintenance of Grantee's facilities within the easement herein granted. (Route to be taken from engineering data only.)

Egress or extension of Grantee's facilities thereon or there from to contiguous land to be determined and constructed by the Grantee as future additional service needs on the premises or in the area may require. Grantor agrees that no buildings, mobile homes, fixtures or structures, whether occupied or unoccupied will be placed on, under or over the easement herein given and granted or within such proximity thereto as, in the opinion of the Grantee, constitute a safety hazard or interfere or threaten to interfere with the construction, operation, extension or maintenance of said facilities, provided however, Grantor may on giving Grantee not less than a thirty day written notice demand that Grantee relocate and Grantee shall within a reasonable time, weather and working conditions permitting, after receiving said notice, relocate its facilities on Grantor's above described premises. Grantor shall pay, in advance, all costs in amount, time and manner commensurate with other service charges then in effect and filed with the Michigan Public Service Commission or other applicable successor authority. Grantor further covenants and agrees that if through inadvertence or otherwise, buildings, fixtures or structures are hereafter placed on, under or over the easement herein given and granted Grantee may relocate its facilities on Grantor's above described premises and Grantor shall pay all costs of relocating said facilities in the same manner as if the relocation were at Grantor's request.

The Grantor expressly agrees that non-use, or a limited use of this easement by the Grantee shall not prevent Grantee from the within contemplated use of the fullest extent herein authorized and granted and further agrees to the joint use or occupancy of the line or system by any other person, association or corporation for electrical or communication purposes.

This grant is hereby declared binding upon the heirs, representatives, successors, and assigns of the undersigned Grantor. Where applicable, relative words shall be read as either sex, plural or neuter.

IN WITNESS WHEREOF, Grantor has executed this instrument this 21st day of April, 20 16
