How The People Fund Works:

People Fund grants are funded with "extra change" donated by members who have their Great Lakes Energy bill rounded up to the next dollar. Grants are awarded twice a year by volunteers on the three regional board committees (north, central, south). Their local roots and diverse backgrounds allow directors to make solid funding decisions that may differ based on each region's needs. The average monthly contribution is less than 50 cents per month. One hundred percent of the contributions are given back to local groups in the form of grants. Local needs are growing, so please join today.

How to Apply:

Grant applications are available to nonprofit groups (not individuals). Call Great Lakes Energy at 888-485-2537 or request an application online at gtlakes.com. The deadlines for receiving grant applications are April 15 and October 15.

Did You Know...

The People Fund awarded **\$228,481** to local organizations in 2019 and has awarded over **\$3.7 million** since 1999!
