APPLICATION: This application and any required additional documentation, including the invoice, must be filled out completely, truthfully, and accurately. Members are advised to retain a copy of this application and any accompanying documentation submitted to Great Lakes Energy Co-op under this program. Great Lakes Energy Co-op and its contractors will not be responsible for lost documentation pertaining to this application request. Details of this program, including incentive levels, are subject to change or cancellation without prior notice. This application with required documentation must be received within 60 days of installation. Please visit www.gtlakes.com for the most up-to-date details. Incentive amount cannot exceed purchase price.

LIMITED FUNDS: Funds for incentives are limited and available on a first-come, first-served basis. Incentive amounts are valid through December 31, 2023, unless revised. Great Lakes Energy Co-op reserves the right to not pay this incentive if funds are not available at the time of application approval, or if the form is not filled out completely and accurately, including all required additional information, and submitted within the required time allowed. Incentive amount may not exceed purchase price.

ELIGIBILITY: This offer is valid for Great Lakes Energy Co-op residential members applying through the Great Lakes Energy efficiency residential incentive program only. Members applying for an incentive must have an active electric account from Great Lakes Energy Co-op. This offer is not valid for commercial properties. Equipment must be installed in the Great Lakes Energy Co-op service territory in Michigan only. Eligible equipment can be found in this application. Equipment must be new (not used) to be eligible for incentives, except where noted. Limit one incentive per eligible measure/unit or as noted in each measure section.

APPROVAL, VERIFICATION, AND INSPECTION: Prior to any payment of incentives, Great Lakes Energy Co-op reserves the right to verify sales transactions. Members and/or their contractor will verify that the installed energy saving measures meet all applicable building codes, zoning laws, local, state, and federal requirements, and other relevant requirements. The member/contractor is responsible for any applicable permits as required by aforementioned code/law. Outdoor temperatures may affect this verification process. The member's home may also be selected for a quality control post-installation inspection by Great Lakes Energy Co-op. No warranty is implied by this inspection.

PROOF OF PURCHASE: An invoice or receipt itemizing the purchased equipment must accompany each incentive application form. The receipt must indicate the equipment type, make, model, price, serial numbers, and the date of purchase. For measures requiring licensed contractor installation an invoice from the installing contractor detailing equipment installed must accompany each application.

PAYMENT: If project cost is less than standard incentive amount, incentive payment will be pro-rated to be paid in the amount of 100% of the cost. Once completed paperwork is submitted, incentive payments are usually mailed within six to eight weeks. Incentive payments are made by check. Payment processing may take longer if information is missing on the application. The member may authorize payment of the incentive directly to the contractor, if applicable. In this scenario, the credit MUST be clearly labeled as the Great Lakes Energy efficiency program incentive and be deducted from the amount due on the invoice.

TAX LIABILITY: Great Lakes Energy Co-op will not be responsible for any tax liability that may be imposed on the member as a result of the payment of incentives. Please contact your tax advisor for more information.

NO ENDORSEMENT: Great Lakes Energy Co-op does not endorse any particular manufacturer, product, system design, claim, or contractor in promoting this program.

INFORMATION RELEASE: The member agrees that Great Lakes Energy Co-op may include their name, address, account number, services, and resulting energy savings ("Information") in a database hosted by a contractor of Great Lakes Energy Co-op, and such Information may be included in reports or other documentation submitted to Great Lakes Energy Co-op, and/or the Michigan Public Service Commission ("Reports"). Great Lakes Energy Co-op will treat such Information as confidential and the Information in the Reports shall only be in the aggregate.

RELEASE/INDEMNIFICATION: Payment of incentives under the Great Lakes Energy efficiency program and/or evaluation of applications for incentives shall not deem Great Lakes Energy Co-op or any of its affiliates, employees, or agents ("Electric Cooperative Parties") to be responsible for any work completed in connection herewith. The applicant fully releases the Electric Cooperative Parties from any and all claims it may have against the Electric Cooperative Parties in connection with this application, the incentives, or the work performed in connection with them. In addition, the applicant agrees to defend, indemnify, and hold the Electric Cooperative Parties harmless from and against any and all claims, losses, demands, or lawsuits by any third parties arising in connection with this application, the payment or non-payment of incentives, or any work performed in connection with them.
