

2024 Rebate Application EV Level 2 Smart Charger

Ready to get your rebate?

Follow these simple steps.

An EV Level 2 smart charger rebate is available to Great Lakes Energy (GLE) members only. A smart charger has data sharing capability. One rebate is allowed per account (meter). This rebate is for a new Level 2 smart charger, permanently installed at the location where you receive electric service from GLE. Rebates will not be given until after installation of the charging station at the account location.

Available EV Level 2 Smart Charger Rebate

GLE members who purchase and permanently (hardwire) install a new Level 2 smart charger are eligible for up to a \$800 rebate. Incentive amount cannot exceed the combined purchase and installation price.

Step 1 Determine Eligibility

Verify the purchase of the new Level 2 smart charger by providing a copy of the charger's sales receipt and the installing electrician's invoice (if applicable).

Step 2 Install Equipment

Permanently (hardwire) install the new Level 2 smart charger at the location served with electricity by GLE.

Step 3 Obtain Verification

Obtain verification of the new Level 2 smart charger installation by a licensed contractor. You cannot perform the verification yourself, even if you do the installation. Contact a licensed contractor/electrician and fill out the form on the following page. The contractor must fill out their portion completely. You are responsible for payment to the contractor for this service call.

Step 4 Submit Application

Return the completed form and invoice/sales receipt(s) to GLE. Rebate request must be submitted within 90 days of purchase and installation.

Step 5 Payment

GLE will review your submission and, if approved, will issue you a rebate check or credit your electric account within 30 days.

Submit your documents online.
Call **888.485.2537 ext. 8957** for questions about this application.
